

## Subject Index to Volume 207 (January-June 1988)

### A

- Abdomen
  - adhesion formation in, factors affecting, 693
  - disorders after cardiac surgery with extracorporeal circulation, 323
  - trauma management, 742
- Abdominoperineal resection, compared to sphincter-saving procedure in rectal cancer (*Letters*), 482
- Adenomas, colorectal, large and villous, 65
- Adhesion formation, factors affecting, 693
- Age
  - and surgical outcomes, 267
  - surgical procedures after 90 years of age, 380
- Alcohol intake inhibiting cholelithiasis, 641
- Anastomosis
  - coloanal, in low rectal carcinoma, 61
  - compression device for, 245
  - justa-anastomotic neointimal hyperplasia prevention, 717
- Anemia, hemolytic, splenectomy in, 581
- Aneurysm, abdominal aortic, and outlook after surgery, 318
- Angiodysplasia, congenital, of lower extremities in children, 213
- Animal studies
  - atrial natriuretic factor levels after hemorrhage and resuscitation, 195
  - compression anastomotic device, 245
  - factors affecting adhesion formation, 693
  - Hespan affecting serum and lymphatic proteins, 416
  - host and tumor response to nitrogen infusion, 80
  - hypothermia effects in hemorrhagic shock, 462
  - lymphoid cell populations in burns, 208
  - muscle proteolysis during sepsis, 399
  - somatostatin effects on intestinal obstruction, 169
- Anorectal malformations, results of surgery in, 219
- Antibiotic use in head and neck surgery, 108
- Anus, laser surgery of, 362
- Aorta
  - abdominal aneurysm, and outlook after surgery, 318
  - thoracic, acute traumatic tear of, 699
- Archives of Southern Surgical Association, collection and preservation of, 533
- Atrial natriuretic factor, serum levels after hemorrhage and resuscitation, 195
- Atriocaval shunt, 555

### B

- Back injuries, penetrating, management of, 72
- Bacteremia in hemorrhagic shock, 549
- Bile, secretory IgA levels in malnutrition, 635
- Biliary tract
  - bronchobiliary fistulas in adults, 90
  - hepatic duct bifurcation resection and transhepatic stenting in sclerosing cholangitis, 614
  - laser surgery of, 362
  - management of common duct stones, 135
  - obstruction from chronic pancreatitis, 26
  - reoperation for congenital choledochal cyst, 142
- Bladder, in ileovesical and ileosigmoid fistulae in Crohn's disease, 48
- Blood flow
  - gastric mucosal, affected by misoprostol, 327
  - spinal cord stimulation affecting, in limb ischemia, 179
- Blood transfusions
  - and cancer recurrence, 410
  - in sickle cell patients, 434
- Blood volume, atrial natriuretic factor affecting, 195
- Book reviews, 112, 228, 352, 480
- Breast disease
  - cancer
    - estrogen and progesterone receptors in, 75
    - laser surgery in, 360
    - and patient appraisal of segmental mastectomy, 189
    - prognostic indicators in, 569
    - salvage surgery for recurrences of, 347
  - development of treatment of, 730
  - follow-up of biopsy-proven benign disease, 404
- Bronchobiliary fistulas in adults, 90
- Burns
  - in caustic ingestions
    - and esophageal stricture management in children, 590
    - hypopharyngoesophageal strictures from, 439
  - leucine metabolism in, 421
  - lymphoid cell populations in, 208

### C

- Calculi
  - cholelithiasis inhibition by alcohol intake, 641
  - management of common duct stones, 135

## Subject Index to Volume 207 (January-June 1988)

### A

- Abdomen
  - adhesion formation in, factors affecting, 693
  - disorders after cardiac surgery with extracorporeal circulation, 323
  - trauma management, 742
- Abdominoperineal resection, compared to sphincter-saving procedure in rectal cancer (*Letters*), 482
- Adenomas, colorectal, large and villous, 65
- Adhesion formation, factors affecting, 693
- Age
  - and surgical outcomes, 267
  - surgical procedures after 90 years of age, 380
- Alcohol intake inhibiting cholelithiasis, 641
- Anastomosis
  - coloanal, in low rectal carcinoma, 61
  - compression device for, 245
  - justa-anastomotic neointimal hyperplasia prevention, 717
- Anemia, hemolytic, splenectomy in, 581
- Aneurysm, abdominal aortic, and outlook after surgery, 318
- Angiodysplasia, congenital, of lower extremities in children, 213
- Animal studies
  - atrial natriuretic factor levels after hemorrhage and resuscitation, 195
  - compression anastomotic device, 245
  - factors affecting adhesion formation, 693
  - Hespan affecting serum and lymphatic proteins, 416
  - host and tumor response to nitrogen infusion, 80
  - hypothermia effects in hemorrhagic shock, 462
  - lymphoid cell populations in burns, 208
  - muscle proteolysis during sepsis, 399
  - somatostatin effects on intestinal obstruction, 169
- Anorectal malformations, results of surgery in, 219
- Antibiotic use in head and neck surgery, 108
- Anus, laser surgery of, 362
- Aorta
  - abdominal aneurysm, and outlook after surgery, 318
  - thoracic, acute traumatic tear of, 699
- Archives of Southern Surgical Association, collection and preservation of, 533
- Atrial natriuretic factor, serum levels after hemorrhage and resuscitation, 195
- Atriocaval shunt, 555

### B

- Back injuries, penetrating, management of, 72
- Bacteremia in hemorrhagic shock, 549
- Bile, secretory IgA levels in malnutrition, 635
- Biliary tract
  - bronchobiliary fistulas in adults, 90
  - hepatic duct bifurcation resection and transhepatic stenting in sclerosing cholangitis, 614
  - laser surgery of, 362
  - management of common duct stones, 135
  - obstruction from chronic pancreatitis, 26
  - reoperation for congenital choledochal cyst, 142
- Bladder, in ileovesical and ileosigmoid fistulae in Crohn's disease, 48
- Blood flow
  - gastric mucosal, affected by misoprostol, 327
  - spinal cord stimulation affecting, in limb ischemia, 179
- Blood transfusions
  - and cancer recurrence, 410
  - in sickle cell patients, 434
- Blood volume, atrial natriuretic factor affecting, 195
- Book reviews, 112, 228, 352, 480
- Breast disease
  - cancer
    - estrogen and progesterone receptors in, 75
    - laser surgery in, 360
    - and patient appraisal of segmental mastectomy, 189
    - prognostic indicators in, 569
    - salvage surgery for recurrences of, 347
  - development of treatment of, 730
  - follow-up of biopsy-proven benign disease, 404
- Bronchobiliary fistulas in adults, 90
- Burns
  - in caustic ingestions
    - and esophageal stricture management in children, 590
    - hypopharyngoesophageal strictures from, 439
  - leucine metabolism in, 421
  - lymphoid cell populations in, 208

### C

- Calculi
  - cholelithiasis inhibition by alcohol intake, 641
  - management of common duct stones, 135

- Carotid occlusion diagnosis with Doppler ultrasound, 315  
 Caustic ingestion  
   and esophageal stricture management in children, 590  
   hypopharyngoesophageal strictures from, 439  
 Cervical cancer recurrence after blood transfusions, 410  
 Chest wall reconstruction in full thickness defects, 707  
 Cholangiocarcinoma, hilar, liver resection in, 120  
 Cholangitis, sclerosing  
   hepatic duct bifurcation resection and transhepatic stenting in, 614  
   orthotopic liver transplantation in, 21  
 Choledochal cyst, congenital, reoperation for, 142  
 Choledocholithiasis, management of, 135  
 Cholelithiasis, alcohol intake inhibiting, 641  
 Coloanal anastomosis in low rectal carcinoma, 61  
 Colonoscopy  
   in detection of early colorectal cancer, 174  
   intraoperative, 231  
 Colorectal tumors  
   coloanal anastomosis in low rectal cancer, 61  
   colonoscopic detection of early cancer, 174  
   comparison of abdominoperineal and sphincter-saving resections in (*Letters*), 482  
   intraoperative and external beam irradiation in, 52  
   large villous adenomas, 65  
   pelvic exenteration in, 670  
   polyamine levels and gastrin receptors in, 662  
   recurrence after blood transfusions, 410  
 Compression anastomotic device, 245  
 Condylomata, perianal, laser excision of, 363  
 Crohn's disease, ileosigmoid and ileovesical fistulae in, 48  
 Cyst, congenital choledochal, reoperation for, 142

## D

- Decubitus ulcer, laser excision of, 362  
 Dermatofibrosarcoma protuberans, Mohs surgery in, 102  
 Diabetes mellitus, and primary hyperparathyroidism, 430  
 Diagnostic-related groups, complications and comorbidity in, 305  
 Diclofenac, and metabolism in surgical patients, 274  
 Dipyridamole, and metabolism in surgical patients, 274  
 DNA aneuploidy, and melanoma prognosis, 455  
 Doppler ultrasound in diagnosis of carotid occlusion, 315  
 Drug-induced esophageal strictures (*Letters*), 484  
 Dumping syndrome, somatostatin analogue in, 155  
 Duodenum  
   carcinoma of ampulla of Vater in siblings, 655  
   villous tumors of, 234

## E

- Electrical stimulation of spinal cord, in limb ischemia, 179  
 Endoscopy  
   colonoscopic detection of early colorectal cancer, 174  
   in gastrointestinal laser surgery, 364  
   intraoperative colonoscopy, 231  
   and papillotomy in common duct stones, 135  
   percutaneous gastrostomy compared to Stamm gastrostomy, 598  
 Endotoxemia in hemorrhagic shock, 549

- Energy metabolism  
   in sarcoma patients, 283  
   in surgical patients, metabolic interventions affecting, 274  
 Enterocolitis risk factors in Hirschsprung's disease, 240  
 Esophagectomy in cancer, risk factors in, 148  
 Esophagus  
   drug-induced strictures of (*Letters*), 484  
   endoesophageal pull-through procedures, 446  
   hypopharyngoesophageal strictures from caustic ingestions, 439  
   stricture management in children, 590  
 Estrogen  
   receptors in breast cancer, 75  
   therapy with, and recurrent hepatic hemangiomas, 115  
 Exenteration, pelvic, in rectal cancer, 670  
 Exercise during intravenous refeeding, 297  
 Extracorporeal circulation, acute surgical abdomen after, 323

## F

- Fecal contamination, and adhesion formation, 693  
 Felty's syndrome, splenectomy in, 581  
 Fistulas  
   bronchobiliary, 90  
   ileosigmoid and ileovesical, in Crohn's disease, 48

## G

- Gallstone formation, alcohol intake inhibiting, 641  
 Gastrectomy in cancer, risk factors in, 148  
 Gastrin receptors in colon cancers, 662  
 Gastrinoma, intraoperative ultrasonic localization of, 160  
 Gastrointestinal tract  
   bacterial translocation affected by T cells, 387  
   carcinoma of ampulla of Vater in siblings, 655  
   caustic hypopharyngoesophageal strictures, 439  
   coloanal anastomosis in low rectal carcinoma, 61  
   compression anastomotic device, 245  
   endoesophageal pull through, 446  
   endoscopic laser surgery, 364  
   Hirschsprung's associated enterocolitis, 240  
   ileosigmoid and ileovesical fistulae in Crohn's disease, 48  
   intraoperative colonoscopy, 231  
   intraoperative and external beam irradiation in colorectal cancer, 52  
   microbial colonization of gastric tumors, 341  
   oral intake after gastrojejunostomy, 14  
   percutaneous endoscopic gastrostomy, 598  
   polyamine levels and gastrin receptors in colon cancer, 662  
   results of surgery in anorectal malformations, 219  
   risk factors in esophagectomy or gastrectomy, 148  
   somatostatin effects on intestinal obstruction, 169  
   surgery of esophageal structures in children, 590  
   villous colorectal adenomas, large, 65  
   villous tumors of duodenum, 234  
   ulcers of. *See* Peptic ulcer  
 Gastrojejunostomy, oral intake after, 14  
 Gastroscopy, percutaneous endoscopic, compared to Stamm gastrostomy, 598  
 Gynecologic surgeons in Southern Surgical Association, 500

## H

- Hand, digital ischemia in malignancies (*Letters*), 482
- Head and neck surgery  
  antibiotic use in, 108  
  outcomes affected by age and nutrition, 267
- Heart  
  left ventricular dysfunction in morbid obesity, 604  
  surgery of, and acute surgical abdomen after extracorporeal circulation, 323
- Hemangiomas of liver, recurrent, related to estrogen therapy, 115
- Hematologic disorders, splenectomy in, 581
- Hemodynamic dysfunction in obesity, 604
- Hemorrhagic shock. *See* Shock, hemorrhagic
- Hemorrhoidectomy, laser, 362
- Heparin, and adhesion formation, 693
- Hespan affecting serum and lymphatic proteins, 416
- Hirschsprung's disease, and risk factors for enterocolitis, 240
- Histamine H-2 blockers in peptic ulcer, and incidence of perforations and bleeding, 4
- Hodgkin's disease, splenectomy in, 581
- Honorary Fellows of Southern Surgical Association, 509
- Hydroxyethyl starch affecting serum and lymphatic proteins, 416
- Hyperparathyroidism  
  primary, and diabetes mellitus, 430  
  secondary, reoperations for, 310
- Hypersplenism, idiopathic, splenectomy in, 581
- Hypertension, pulmonary, in morbid obesity, 604
- Hyperthyroidism, surgical management of, 724
- Hypopharyngeal strictures from caustic ingestions, 439
- Hypothermia, effects in canine hemorrhagic shock, 462
- Hypoventilation in obesity, hemodynamic function in, 604

## I

- Ibuprofen, and adhesion formation, 693
- Ileocecal and ileovesical fistulae in Crohn's disease, 48
- Immunoglobulin A, secretory, biliary levels in malnutrition, 635
- Infection  
  endotoxemia and bacteremia in hemorrhagic shock, 549  
  and microbial colonization of gastric tumors, 341  
  muscle proteolysis during sepsis, 399  
  septic necrosis of midline wounds, 470  
  and T cell role in bacterial translocation, 387
- Insulinoma, intraoperative ultrasonic localization of, 160
- Ischemia  
  digital, in malignancies (*Letters*), 482  
  and limb salvage with *in situ* tibial bypass, 184  
  lower limb, spinal cord stimulation in, 179
- Islet cell tumors, intraoperative ultrasonic localization of, 160

## K

- Ketone bodies, and postoperative energy metabolism in muscle, 95
- Kidney, cadaveric transplantation survival, 538
- Klatskin tumor, liver resection in, 120

## L

- Laser surgery, current applications of, 355
- Letters to the editor, 482
- Leucine metabolism in burn patients, 421
- Leukemia  
  chronic lymphocytic, splenectomy in, 581  
  hairy cell, splenectomy in, 581
- Lithiasis. *See* Calculi
- Liver  
  blunt trauma of, 126  
  hepatic duct bifurcation resection and transhepatic stenting in sclerosing cholangitis, 614  
  laser surgery of, 361  
  recurrent hemangiomas related to estrogen therapy, 115  
  resection for hilar cholangiocarcinoma, 120  
  transplantation of  
    in malignant disease, 373  
    in sclerosing cholangitis, 21  
  venous injuries treated with atriocaval shunt, 555
- Lung, extravascular water in acute hemorrhagic pancreatitis, 33
- Lymph nodes, prophylactic dissection in melanoma (*Letters*), 483
- Lymphoid cell populations in burns, 208
- Lymphomas, splenectomy in, 581

## M

- Mastectomy, segmental, patient appraisal of, 189
- Matas, Rudolph, as Renaissance Man, 494
- Melanoma  
  and DNA aneuploidy, 455  
  prophylactic lymph node dissection in (*Letters*), 483
- Merkel cell carcinoma of skin, 201
- Metabolism  
  interventions in surgical patients, 274  
  of leucine in burn patients, 421  
  muscle, postoperative, ketone bodies affecting, 95  
  in sarcoma patients, 283
- Misoprostol, and gastric mucosal blood flow, 327
- Mohs surgery in dermatofibrosarcoma protuberans, 102
- Muscle  
  postoperative energy metabolism affecting by ketone bodies, 95  
  proteolysis during sepsis, 399
- Myeloproliferative disorders, splenectomy in, 581

## N

- Naloxone, and metabolism in surgical patients, 274
- Necrotic tissue, and adhesion formation, 693
- Neuroendocrine carcinoma of skin, 201
- Neutrophil phagocytosis in trauma patients, 686
- Nitrogen infusions, host and tumor response to, 80
- Nutrition  
  biliary secretory IgA levels in malnutrition, 635  
  and exercise during intravenous refeeding, 297  
  host and tumor response to nitrogen infusions, 80  
  and leucine metabolism in burn patients, 421

and oral intake after gastrojejunostomy, 14  
and surgical outcomes, 267  
and weight loss as surgical risk, 290

## O

Obesity, hemodynamic dysfunction in, 604  
Oncology research, surgical, status report on, 262  
Opsonic capacity of serum in trauma patients, 686

## P

**Pancreas**  
cancer of, intraoperative radiotherapy in, 648  
intraoperative ultrasonic localization of islet cell tumors, 160  
laser surgery of, 361  
**Pancreatectomy**, complications of, 39  
**Pancreaticogastrostomy** after pancreatoduodenectomy, 253  
**Pancreatitis**  
acute hemorrhagic, lung water in, 33  
in childhood, 257  
chronic, biliary obstruction in, 26  
**Parathyroid disorders**. *See* Hyperparathyroidism  
**Parietal cell vagotomy**, ulcer recurrence after, 1  
**Pelvic exenteration** in rectal cancer, 670  
**Peptic ulcer**  
development of treatment of, 754  
and oral intake after gastrojejunostomy, 14  
perforations and bleeding affected by histamine H-2 blockers, 4  
prevention of postoperative dumping syndrome with somatostatin analogue, 155  
recurrence after parietal cell vagotomy, 1  
**Peritonitis**, postoperative, and septic necrosis of midline wound, 470  
**Phagocytosis** by neutrophils, in trauma patients, 686  
**Photodynamic therapy**, lasers in, 368  
**Pickwickian syndrome**, hemodynamic function in, 604  
**Pilonidal cyst**, laser excision of, 363  
**Plastic surgery**, development of, 770  
**Polyamine levels** in colon cancer, 662  
**Portal vein thrombosis**, and sclerotherapy for bleeding varices, 623  
**Presidential Addresses of Southern Surgical Association**, 517  
at 100th Anniversary Meeting, 485  
**Proceedings of the Southern Surgical Association**, publication of, 525  
**Progesterone receptors** in breast cancer, 75  
**Prostaglandin E<sub>2</sub>**, and muscle proteolysis during sepsis, 399  
**Prostate cancer** recurrence after blood transfusions, 410  
**Protein**  
metabolism of  
in exercise during intravenous refeeding, 297  
in sarcoma patients, 283  
in surgical patients, metabolic interventions affecting, 274  
in serum and lymph, Hespan affecting, 416  
**Proteolysis** in muscle, during sepsis, 399  
**PTFE grafts**, vein cuff interposition with, 717

## R

**Radiotherapy**, intraoperative  
with external beam, in colorectal cancer, 52  
in pancreatic carcinoma, 648  
**Ranitidine**, and metabolism in surgical patients, 274  
**Rectal cancer**. *See* Colorectal tumors  
**Reoperations** for secondary hyperparathyroidism, 310  
**Respiratory insufficiency** in obesity, weight loss affecting, 604

## S

**Salbutamol**, and metabolism in surgical patients, 274  
**Saphenous vein bypass**, *in situ*, efficacy of, 184  
**Sarcoma** patients, energy and protein metabolism in, 283  
**Sclerotherapy** in variceal bleeding with portal vein thrombosis, 623  
**Semen analysis** in varicocele in youth, 223  
**Shock**, hemorrhagic  
and atrial natriuretic factor levels, 195  
endotoxemia and bacteremia in, 549  
and Hespan affecting serum and lymphatic proteins, 416  
hypothermia affecting, 462  
**Sickle cell disease**, transfusion therapy in, 434  
**Skin**  
Mohs surgery in dermatofibrosarcoma protuberans, 102  
neuroendocrine carcinoma of, 201  
**SMS 201-995** in prevention of postoperative dumping syndrome, 155  
**Somatostatin**  
analogue in dumping syndrome, 155  
effects on intestinal obstruction, 169  
and metabolism in surgical patients, 274  
**Southern Surgical Association**  
abdominal trauma management, 742  
collection and preservation of archives, 533  
development of, 485  
gastroduodenal ulcer management, 754  
gynecologic surgeons in, 500  
Honorary Fellows of, 509  
plastic surgery, 770  
presidential addresses of, 517  
at 100th Anniversary Meeting, 485  
publication of proceedings, 525  
Renaissance man of, 494  
surgical management of hyperthyroidism, 726  
transplantation of tissues and organs, 776  
treatment of breast diseases, 730  
**Spermidine** and spermine levels in colon cancers, 662  
**Spherocytosis**, hereditary, splenectomy in, 581  
**Sphincter-saving procedure** compared to abdominoperineal resection in rectal cancer (*Letters*), 482  
**Spinal cord**, electrical stimulation in limb ischemia, 179  
**Spleen**, laser surgery of, 362  
**Splenectomy** in hematologic disorders, 581  
**Stab wounds**, thoracoabdominal, 335  
**Stomach**  
cancer of  
microbial colonization of, 341  
postoperative complications and mortality in, 7  
delayed emptying after gastrojejunostomy, 14  
laser surgery of, 360

mucosal blood flow affected by misoprostol, 327  
percutaneous endoscopic gastrostomy, 598  
surgery for obesity, hemodynamic effects of, 604  
Superoxide dismutase, and adhesion formation, 693  
Surgical oncology research, status report on, 262

## T

T cells, role in bacterial translocation, 387  
Testicular function in varicocele in youth, 223  
Thoracic wall reconstruction in full thickness defects, 707  
Thoracoabdominal stab wounds, 335  
Thrombocytopenic purpura, splenectomy in, 581  
Thrombosis of portal vein, and sclerotherapy for bleeding varices, 623  
Thyrototoxicosis, surgical management of, 724  
Tibial bypass, *in situ*, efficacy of, 184  
*Transactions of the Southern Surgical Association*, publication of, 525  
Transfusions  
  and cancer recurrence, 410  
  in sickle cell patients, 434  
Transplantations  
  historical aspects of, 776  
  liver  
    in malignant disease, 373  
    in sclerosing cholangitis, 21  
    renal cadaveric, survival of, 538  
Transport facilities, and survival in multisystem trauma, 679  
Trauma  
  abdominal, 742  
  acute aortic tear, 699  
  atriocaval shunt in, 555  
  of liver, blunt, 126  
  multisystem, survival in, 679  
  neutrophil phagocytosis in, 686

penetrating injuries of back, 72  
and sepsis in shock, 549  
thoracoabdominal stab wounds, 335  
Tumors. *See specific anatomic sites of tumors*

## U

Ulcer  
  decubitus, laser excision of, 362  
  peptic. *See Peptic ulcer*  
Ultrasound, and Doppler diagnosis of carotid occlusion, 315

## V

Vagotomy, parietal cell, ulcer recurrence after, 1  
Variceal bleeding in portal vein thrombosis, sclerotherapy in, 623  
Varicocele in youths, 223  
Vasculature  
  atriocaval shunt, 555  
  carotid occlusion diagnosis with Doppler ultrasound, 315  
  efficacy of *in situ* saphenous vein bypass, 184  
  juxta-anastomotic neointimal hyperplasia prevention, 717  
  outlook after abdominal aortic aneurysm resection, 318  
  venous malformations in children, 213  
Vaterian cancer in siblings, 655  
Vein cuff interposition preventing juxta-anastomotic neointimal hyperplasia, 717  
Venous malformations of lower extremities, in children, 213

## W

Weight loss  
  and surgical risk, 290  
  surgically induced, hemodynamic effects of, 604
